Meadville (Pa.) Republican. MR. EDITOR: I am in receipt of the following letter from a Pennsylvanian, which I prefer to give to the public through your paper, if agreeable, with my answer. I do this in order that other parties of your great State may read what I have to say on the subject, and thus be induced to come among us and assist us and themselves in building Temple did not meet his appointments. The good land and is there plenty of timber there? Can a man get work at good wages this fall? Would a man have any show there with a capital of four or five hundred dollars to invest at once? How long are your winters? Can you tell how far Glen Mary, on the Cincinnati Southern Railroad, is from Careyville? Would it be safe to travel it? Hoping you will not be discouraged at my numerons questions, I remain Truly yours, &c.

I can answer my strange friend that it affords me sincere pleasure to answer his questions, and to give him and others all the information I can with regard to this section of Tennessee.

I The prices of our leads a everywhere.

1. The prices of our lands, as everywhere else, is rated according to their location and productive capacity. Those near our rail roads and this city, are higher than those further off. Five or six miles from Knox further off. Five or six miles from Knox-ville good land can be bought for from fifand ten dollars an acre.
